## **How to Successfully Host A National Tour or Meet**

We love old cars and trucks. And we respect them for what they are – motor vehicles. They were built to move people and their things over the highways and we are committed to encourage their use. That’s why we are a touring club.

We are confident that our vehicles not only can be safely operated on the open road, they can be fun, so we sponsor no less than nine national tours and meets. Those events are hosted by local chapters and regions and it is hard working people like you who make them possible.

So that the members of the VMCCA can enjoy a high degree of excellence and consistency on tour and so you can host a tour with confidence, we have established these guidelines.

### **Definitions**

Encouraging and sanctioning national tours and meets is a function of the VMCCA Board of Governors. Activities at a VMCCA national tour or meet can include touring, static displays, swap meet activities, judging or a combination of all four. VMCCA tours and meets are to be sponsored, planned and executed by VMCCA members, regions or chapters upon receiving approval b the national VMCCA Board of Governors. The club provides a variety of events which will include touring and/or judging at several national tours and meets each year for the enjoyment of the VMCCA membership.

A *tour* is defined as driving a registered vehicle along a predetermined route. A tour may also include other activities and judging.

A *meet* is defined as a static display of registered vehicles. A meet may also include short tours, swap meet, other activities and judging.

## **What You Need to Do to Get Started**

To receive approval from the VMCCA Board of Governors to host a VMCCA national tour or meet, the sponsoring members, region or chapter must determine which tour or meet they want to host.

They also need to submit certain required items to the Activities Vice President preferably at least one calendar year prior to the date of the tour or meet. The Activities Vice President will then present the information to the VMCCA Board of Governors. In no case will any proposal be considered less than six months before the date of the tour or meet. VMCCA members, regions or chapters considering hosting a national tour or meet should allow plenty of time to plan and several years is not too much. The items you need to submit are explained in the following section “What the Board Needs to Know Before It Can Grant National Status.”

## **Determine Which Tour or Meet You Would Like to Host**

Contact the VMCCA

Activities Vice President for assistance when planning the tour or meet dates. The VMCCA calendar of tours and meets published in *The Bulb Horn* should be checked for previously planned tours or meets before you decide on a possible date for a future tour or meet.

# **Awards at a National Tour or Meet**

Two types of awards may be presented at a VMCCA national tour or meet when approved by the VMCCA Board of Governors.

## **CLASS AWARDS**

These awards are to be presented by the local sponsors of the tour or meet using their own classifications, judging format and trophies. You are free to establish the criteria for the awards. Some tours offer awards according to the classification table established by the club (a list is included in this manual). Others offer awards based on different criteria. Some typical awards are:

- Best Vehicle by Manufacturer (i.e. Ford, GM, Chrysler, etc.)
- Best Open Car
- Best Foreign Car
- Best Original Car
- Best of Show
- Men's Choice
- Ladies' Choice
- Young People's Choice
- Best Orphan Car (manufactured by a company no longer in business)
- Hard Luck Award

You may bestow these awards among the registered vehicles on your tour by whatever means you would like. Some tours give a ballot to each registered participant and let them select the "best of" awards. Others use a team of judges to make the selections.

## **GOLD, SILVER AND BRONZE AWARD PROGRAM**

These awards may be made available at any VMCCA national tour or meet upon approval of the VMCCA Board of Governors. Judging will be administered under the direction of the VMCCA Technical Vice President according to the rules outlined in the official Gold, Silver and Bronze Award Program judging form. Only those vehicles qualifying in a VMCA approved classification and owned by members of the VMCCA are eligible to complete for these awards.

### **Your Responsibilities for the Award Program**

The VMCCA Gold, Silver and Bronze Award Program may only be held in connection with a VMCCA national tour or meet. If the tour director wants to offer this judging program at a VMCCA national tour or meet the following conditions must be fulfilled.

The VMCCA national tour or meet application must include the following questions:

1. Is the vehicle to be judged for the Gold, Silver and Bronze Award Program?  
Yes:\_\_\_\_\_ No:\_\_\_\_\_
2. Are you willing to help judge the Gold, Silver and Bronze Award Program?  
Yes:\_\_\_\_\_ No:\_\_\_\_\_

Within two weeks after the tour or meet application deadline, the tour director must notify the VMCCA Technical Vice President as to how many vehicles have requested judging so arrangements can be made in advance for judges and enough awards can be taken or sent to the tour director. This notification will be a list of the vehicles to be judged including owner, vehicle make, model, body style and ID numbers sent to the VMCCA Technical Vice President within two weeks after the tour or meet application deadline.

The tour director must schedule a time and place during the tour or meet when the vehicles can be assembled for judging. It is most desirable to have the judging take place on grass and under trees. Judging should take place on the third or fourth day of touring or on the first or second day of a meet.

The host tour will provide breakfast for the Gold, Silver and Bronze Award Program judges the day of judging. The breakfast is only for the judges and the chief judge, typically ten people. A private room should be provided so the chief judge can go over the judging form and other instructions with the judges.

Gold, Silver and Bronze Award Program awards must be presented at the tour or meet awards banquet or awards ceremony.

### **Who Bears the Cost of the Gold, Silver and Bronze Award Programs?**

The VMCCA Gold, Silver and Bronze Award Program is provided by the VMCCA national organization without cost to the VMCCA region or chapter sponsoring a

VMCCA national tour or meet. A portion of any profit made by all VMCCA national tours or meets will be used to administer the VMCCA Gold, Silver and Bronze Award Program.

All other awards and related expenses must be included in the budget of the VMCCA national tour or meet and paid for by the sponsoring members, chapter or region.

### **Gold, Silver and Bronze Award Program Participant Information**

If the Gold, Silver and Bronze Award Program is offered at a VMCCA national tour or meet, the following information must be given at check-in to every registered tour or meet participant requesting the Gold, Silver and Bronze Award Program. We suggest you create a handout with the following information and attach it to the registration form of each entrant who has requested judging for their vehicle:

*If you have requested that your vehicle be judged for the Gold, Silver and Bronze Award Program:*

- 1. The tour or meet director has provided your name and vehicle information to the VMCCA Technical Vice President or Chief Judge as appointed by the Technical Vice President and he or she will fill out the Gold, Silver and Bronze Award Program judging form.*
- 2. It is necessary for the vehicle owner to stay close to the vehicle during the judging process to answer any questions, start the vehicle or open the trunk or hood if requested.*
- 3. The vehicle owner should be close to the vehicle, but must stay back out of earshot of the judges. What the judges say is not secretive but if one only hears part of the conversation one might draw incorrect conclusions about what is being said.*
- 4. The judging sheets are to be looked at only by the judges during the judging. Please do not try to look at them during the judging. You may request a copy of the completed judging form from the VMCCA Technical Vice President after the tour or meet has concluded.*
- 5. There should not be anything in the vehicle except original equipment. The judged might construe that items in the vehicle are to cover a defect. Judges will not touch the vehicle any more than is absolutely necessary.*
- 6. Although a clean vehicle will present better, the judges will not count points off for normal road dirt. They realize that vehicles participation in VMCCA tours or meets have been driven to and during the tour or meet.*
- 7. Convertible tops must be up during judging. A top that is down will lead the judges to believe that the owner wants it down because it is defective.*
- 8. Please have the hood and truck open unless wind prohibits it.*
- 9. Results will be announced at the awards ceremony. Good luck!*

## **Who May Participate in A Tour or Meet?**

### **Participant Eligibility**

Participation in all VMCCA national tours and meets except the Glidden Tour is limited to members in good standing of the Veteran Motor Car Club of America. Eligibility to participate in the Glidden Tour is treated separately under Guidelines for Operating the Glidden Tour in the Officers Handbook.

### **Our Policy on Commercial Signs or Advertising**

In keeping with the VMCCA's long standing policy, no cars, trucks or other vehicles may participate in any national tour or meet if they bear any commercial sign or advertising of a current nature. Some VMCCA members use their vehicles in a business. We are pleased to see classic cars and trucks still in use, but if they contain a business sign or advertising for a current business, they can't be driven on a national tour or meet.

## **Publicizing a VMCCA National Tour Or Meet**

It is the responsibility of the tour or meet director and committee to make all arrangement for advance publicity of an approved VMCCA national tour or meet.

The tour or meet advertisement should appear in *The Bulb Horn* six months to one year prior to the event.

It will be the responsibility of the director of the tour or meet to contact the Publications Vice President to arrange for insertion of the tour or meet advertisement in the appropriate issue of *The Bulb Horn*. When submitting material for announcement of the national tour or meet in *The Bulb Horn*, camera ready or original materials or electronic files must be supplied by the tour committee. ### **Follow-up Tour Article with Photographs**

The director of any VMCCA national tour or meet must appoint a member or members of the tour or meet committee to take photographs during the event and write an article to be sent to *The Bulb Horn* no more than 30 days following the last full day of the tour or meet. At the Publications Vice President's discretion the article may also be sent to other commercial antique automobile publications. A copy of the tour book or meet program must also be sent to the Publications Vice President along with a list of award winners. You will also need to send copies to the National Secretary.

### **Finances and Shared Profit**

VMCCA national tours or meets should be structured financially to be self-sufficient. There should be the possibility of a reasonable profit realized. A percentage of any profit realized by the host club must be given to the VMCCA national treasury. The money given to the VMCCA national treasury is used to help defray the cost of insurance, publicizing the tour or meet and administrating the Gold, Silver and Bronze Award Program.

According to the Board decision of September 11, 1976 any profit realized from a VMCCA national tour or meet, with the exception of the Glidden Tour, is to be distributed as follows:

- 25%** is to be returned to the VMCCA national treasury and
- 75%** is to be kept by the sponsoring VMCCA region or chapter.

Financial requirements for hosting a Glidden Tour can be found in the Glidden Tour Guidelines in the Officers Handbook.

### **Financial Summary**

The director of any VMCCA national tour or meet is required to provide the VMCCA Board of Governors with a financial summary of income, expenses and profit or loss within 120 days following the last full day of the tour or meet. For the details describing the distribution of the financial summary of income, expenses and profit or loss report see the paragraph under the heading of "Additional Host Responsibilities."

### **Establish A Tour or Meet Committee**

A tour committee must be formed before the official written request is made to the VMCCA Board of Governors. ### **VMCCA National Tours**

For all VMCCA national tours the daily schedule should include a minimum of four days of touring as follows. Other schedules may be approved by the VMCCA Board of Governors.

**Day Three:** Full day of touring.

**Day Four:** Free day for judging, shopping, other activities or optional tour (not mandatory for tour plaque).

**Day Five:** Full day of touring.

**Day Six:** Abbreviated day of touring. Social hour followed by closing banquet and presentation of tour awards.

The Nickel Vintage, Brass and Gas and One and Two Cylinder tours are usually five days in length. Day one and two may be combined and used with a shortened first day tour.

#### **MANDATORY TOUR DAYS**

On all VMCCA national tours the tour director must designate at least three full day tours, or segments of three full day tours, as mandatory tours. The tour director has the right to designate the three full day tours, or segments of full day tours, which must be completed to qualify for a tour plaque (dash plaque) and/or class awards. Required full day tours, or required segments, will be designated as mandatory tours. Other tours will be designated as optional tours. One or more of the three mandatory tours will be used by the Chief Judge of the Gold, Silver and Bronze Award Program as a reliability test.

#### **VMCCA National Meets**

All VMCCA national meets may be from one to three days in length. Other scheduled may be approved by the VMCCA Board of Governors.

#### **MANDATORY MEET TOUR**

If the Gold, Silver and Bronze Award Program is offered at a VMCCA national meet, one day of tour type activities will be required as a reliability test for the Gold, Silver and Bronze Award Program participants. This requirement may be waived at the VMCCA Technical Vice President's discretion.

#### **Full Day of Touring**

A full day of touring should be no longer than eight hours for the average tour in an average tour vehicle. Allowances should be made for the type of vehicle, tour route road conditions, tour stops at lunch and refreshment areas and time spent at tourist attractions.

#### **Special Tours**

Special shorter tours may be provided by a tour committee for slower vehicles which will still meet the requirements for mandatory tours.

### **Extra Activities**

Other activities and entertainment may be included during a VMCCA tour or meet at the discretion of the tour committee providing they do not conflict with the “basics” listed in the previous paragraphs.

## **VMCCA National Tour or Meet Location**

National tours or meets should be planned to take advantage of interesting tour or meet locations and the usual weather conditions at a given time of the year. The type and condition of the roads to be traveled by the tour participants as well as the local traffic density should be factors when determining VMCCA national tour locations.

It is the responsibility of the tour director and the tour committee to make arrangements to send a list of all tour or meet participants to the VMCCA Secretary to be verified before the tour book or meet program is printed. ## **Banquets, Hospitality Room, Meetings And Event Materials**

### **Opening Reception**

On most tours and on meets lasting several days, an opening night reception provides the occasion for participants to renew old friendships, make new ones and generally orient themselves to the event. The tour or meet director can use this opportunity to make whatever announcements are necessary and appropriate greetings.

### **Registration and Hospitality Room**

The host hotel will usually provide either a guest room or a meeting room for your use as a registration room and hospitality room throughout the event. Be sure that you have plenty of help during the first hours of registration and that signs clearly direct the tourists to this place. The hours during which the room are open should be clearly posted and included in the tour manual.

It is good if you can provide some kinds of snacks each evening in the hospitality room because many participants like to gather there. The snacks need not be expensive. They can be cookies, popcorn, other finger foods and some kind of beverage. Each morning, plan to provide coffee, water, fruit and/or pastries for those who gather early.

The hospitality room is usually the place where club merchandise is sold. A bulletin board where participants can place messages and last-minute notices can be posted is also helpful.

### **Closing Night Awards Banquet**

As soon as possible, the event will conclude. And the Awards Banquet tops it off. During the banquet, you have the responsibility of recognizing the officers present, making concluding remarks and presenting awards. The VMCCA Technical Vice President or his or her designee will award the Gold, Silver and Bronze Awards as determined by the judges. You or your designee will present any other awards.

### **Regional Meetings**

On occasion, one of the regions will request that you find a place for them to hold a regional business meeting. This usually takes place one evening during the tour or meet.

### **Name Badges, Car Banners, Tour Manual and Bag**

Name badges, banners, the tour or meet bag and manual/program must have the official VMCCA logo on them. Camera ready clip art of the club's national logo is found in the Officers Handbook. Your chapter president or regional director has a copy. You may also request a free copy of the club's national logo from the Publications Vice President.

On tours, the manual should include each day's tour directions with mileage posted in increments and total. Be sure to provide adequate maps if the route is complicated. Remember that tourists are not familiar with the area or route as you are and will need

thorough instructions. Sample copies are available from the Activities Vice President or previous tour directors.

The tour or meet bag should have the tour or meet logo as well as the VMCCA official logo. You may solicit items to include in the bags. Call or write the major advertisers in the Bulb Horn, check with local sponsors, tourism offices, chambers of commerce, restaurants and attractions for items to include in the tour or meet bag. They will often provide items at no cost to you.

## **Tour or Meet Computer Software** (software is out of date but a good idea)

A tour administration software package is available through the office of the VMCCA Secretary. This software package is provided free of charge to any VMCCA national tour or meet director. It reduces the time required to administer many aspects of a tour. The software package requires an MS DOS compatible computer and included the following features:

**Mailing List Administration:** Handles mailing list (or multiple lists) and prints mailing labels for tour application mailings.

**Tour Registration Data:** Automatically sums tour applications, automatically assigns tour numbers, prints confirmation forms and provides instant tour subtotals and totals.

**Tour Reports:** Provides alphabetical listings of tour participants and tour vehicles for tour books. Provides listings of freshmen or lists sorted by number of previous years for graduate awards. Also provides listings for vehicles by make, year, etc. as an aid in judging.

**Tour or Meet Tickets:** Automatically prints tickets for banquets, lunches, special activities, etc. with the driver name and vehicle number on the ticket in the correct quantity and order as need for the tour.

**Tour Route Administration:** Allows the tour director to input odometer readings and tour instructions. The computer automatically calculates cumulative and incremental mileages then formats and prints the tour instructions.

**Daily Report Vehicle Administration:** Computer calculates daily report vehicle averages, automatically discards vehicles not reporting all mandatory days, and calculates tour averages from vehicles which report all mandatory days only.
