Meet Your New VMCCA Secretary

By Andrew Shepherd

I am Andrew Shepherd, your new VMCCA National Secretary. I am honored and excited to have been chosen for this position beginning in early 2026.

I have been around the car hobby my entire life. My father started collecting when I was very young, and that passion has stayed with me. I currently own six classic cars. I have been married to my wonderful wife, Barbie, for almost 24 years. We have two children: Lucy, who is 19 and already involved in the car hobby, and our son Evan, who is 14.

In 2017, I became a stay-at-home parent. Prior to that, I spent 22 rewarding and successful years in managerial and executive positions with RadioShack and Sears.

Over the past few years, I have truly enjoyed being part of the VMCCA and have been as active as possible. I am very excited to serve the club as its Secretary. Please do not hesitate to contact me if you need anything.

Mike and Beth have been outstanding in their roles for the past 20 years and I have big shoes to fill. I am confident they will guide me throughout this transition, which I hope will result in very few errors during my first few months.

I would like to thank everyone in my local chapter and region who has supported me since I became a member. I look forward to meeting and working with all of you.

The Journeys That Lie Ahead

In the past week, I have had 3 opportunities to share with people the amazing adventures of "The Lewis and Clark Trail" Region Tour. Although Ray and I didn't make the entire journey, the segments we did join were over the top interesting, fun and educational. The Santa Fe Trail Tour organized by Steve Fitzgerald was also a bonus for our members who joined his progressive journey.

Where could our next progressive tour take us? Could we consider a 3 to 6 year journey following an historical route or a themed tour connecting historical events, structures or travels.

A side benefit is connecting Regions and club members in the fun of planning this next adventure.

Tecumseh Train Ride

Text by Dave Plassman. Photos by Dave Plassman & Judy Wright

Saturday, October 25, 2025, the Toledo Chapter reserved a train ride at Tecumseh, MI for the GLR Members. There were 39 members and friends on board. Some of us met at Ted & Judy Wright's home (coffee & cookies) then traveled together as a group to Tecumseh, MI. We arrived early and had plenty of time to find our choice of the fine restaurants near the train. We boarded at 12:40 and the train started heading north at 1:00. When we reached Clinton, MI, the train stopped and we got out of the passenger car for cold or hot apple cider and a gift shop. Very good break! The train took us through woods, colorful with fall leaves. Thank you to Toledo Chapter member, Andrew Shepherd, for planning this colorful fall afternoon train ride.

Remembering the First Generation 1967 Chevrolet Camaro

By Award Winning Automotive Historian/Researcher Robert Tate

Courtesy of General Motors Heritage Archives

The 1967 Chevrolet Camaro, introduced on September 29, 1966, quickly captured the public's attention with its sharp styling and spirited performance. Designed under Bill Mitchell to challenge Ford's Mustang, in the beginning GM called it the F Car styling project. Henry C. Haga, chief designer, led the early design work, reporting to Dave Holls, with contributions from talented designers including Charles M. Jordan and Irvin Rybicki.

The Camaro's debut was an immediate success, generating strong sales. GM produced 220,900 units for Chevrolet dealers, offering two series with multiple engine choices. The 2 door hardtop sold for \$2,572, while the convertible started at \$2,809.

Interior design was another highlight, shaped by Suzanne Vanderbilt and Cathy Kascur of the Chevrolet studio. The all vinyl cabin came in four color choices and featured Strato Bucket seats and vertically stitched vinyl door panels.

The 1934 REO Automobiles Offered No Gears to Shift

By Robert Tate, Automotive Historian and Researcher

Images Courtesy of the Robert Tate Collection

Published 10.17.2018

1934 REO Flying Cloud brochure cover (Robert Tate Collection)

When you take a look back at the REO Motor Car Company, you'll find that it was a company with a rich history in Lansing, Michigan. The REO company got its name from its founder, Ransom E. Olds, who launched the venture after retiring from his original Olds Motor Works (Oldsmobile) in 1904.

The first REO automobile was manufactured on October 15th 1904. This story is about the stylish REO automobiles offered to the public in 1934, the company's 31st year of production. The 1934 REO models were manufactured with 14 different body styles ranging from \$795 for the 65 Coupe four-passenger model to the Royal Custom Coupe for five passengers at \$2,445.
