## ANNOUNCEMENTS

### Annual Membership Meeting

#### Why Have an Annual Membership Meeting?

President Duane Copley

I get this question from time to time and have oft considered answering, "Why not".

The Annual Membership Meeting is an open meeting and all Club members are invited to become part of the discussion. If you have an issue that you would like to discuss with the BOG, I suggest you contact your Region Director with the details and tell them that **you** wish to address the issue at the meeting. When your Region Director contacts me, I will provide a place in the agenda for this discussion. If you attend the Annual Membership Meeting in person, you may join in the discussion by being recognized by the presiding officer. It is my intent to prepare an agenda for this coming meeting in Newport News, Virginia that will focus on what the membership thinks is important and not on the "business" of VMCCA. The "town hall" meeting held by then President Ray Maxfield at the Chrome Glidden Tour, held in Tennessee, was a great success and well worth replicating for our "Annual Membership Meeting."

Unfortunately, neither the By-laws or the Officers Handbook speak to the issue of the purpose of this meeting. We can assume that the title of the meeting, Annual Membership Meeting, provides us with enough information to properly assume it is a meeting held for the primary benefit of the membership. It is a meeting held for, and to discuss, issues important or relative to the membership. By contrast that would imply the other 4 meetings described in the By-laws would be labeled as "business" meetings where the actual business of the organization is attended to by the Board of Governors.

Logically, every member cannot attend these meetings if for no other reason than to point out we've encountered no hotel or other like facility to handle all of us at once. Pre "Covid" the only option for members to determine what may have occurred at the Annual Membership Meeting was to read the minutes published in the Bulb Horn magazine. Due to publishing timing constraints, and the need

for BOG approval, these minutes might not have been available for 5 months or more.

Technology now allows this club the ability to “zoom” all our meetings and provide those interested to a “right now” viewing opportunity. Additionally, once minutes of the meetings are approved, a copy is sent to all members via an email.

Members wishing to join a zoom meeting, must seek the connection information from the Club Secretary (preferred) or by contacting your Region Director who will also have the connection info.

Connecting to a zoom meeting doesn’t mean you can join into the discussion. All meetings of the Board of Governors are open to the membership for viewing and listening, however, the 4 quarterly meetings are for the BOG to attend to the business of VMCCA.

# The History of the Shell Oil Company

Published 12.10.2024

An Early Shell gas station (Shell Oil Archives)

The Shell Oil Company has been around for more than 100 years. It has its origins in the Shell Transport and Trading Company, which was started by the Samuel brothers in 1893. In 1896, their kerosene trade was earning more than all the other oil businesses in America.

The name "Shell" can be traced back to the seashell that Marcus Samuel, one of the founders, imported from the east during the late 19th century. In the beginning, the company was called the Royal Dutch Shell Group, but later the name was changed to just plain Shell Oil.

Looking at the Great History of Hood Ornaments

Looking back on some the highly detailed and creative automotive hood ornaments perched on early 20th-century cars, it serves as a great reminder of this very stylish feature prominently displayed during the early days of automotive design.

While many cars had "mascots," or hood ornaments, installed at the factory, most often a small charge was added to the customer's price at the time of purchasing. Automotive mascots were defined as those ornaments supplied by the manufacturer of the vehicles either as standard equipment or sometimes as deluxe accessories.

Mascot designs in the past would be affixed onto radiator caps, but that would later change to the front of the hood with more innovative design work. The Mascot designs were very stylish with figures such as winged goddesses and graceful birds along with human and animal figures which became the most popular subjects that most consumers had admired and thoroughly enjoyed.

## 47th Hill Country Swap Meet

The rescheduled Hill Country Swap Meet will be held at Lady Bird Municipal Park (432 Lady Bird Drive, Fredericksburg) Friday through Sunday, December 6-8. Times are Friday and Saturday 8:00 a.m.-5:00 p.m. and Sunday 8:00 a.m.-noon. Come check out the vehicles, parts, tools, auto accessories, and flea market items available for purchase. Concessions will be available; admission is free.

## Light the Night Parade

Fredericksburg's Light the Night Parade on Friday, December 6, is a fun and festive time to share the joy of the season with our community, and our car club is once again participating this year. If you'd like to be a part of the parade, decorate your vintage car with lights (battery-operated strings or nets of lights work well), bows, wreaths, garland — the more glitter, the better! We line up on San Antonio Street around 4:30 p.m. and enjoy snacks and drinks beforehand, so bring some goodies to share. For more information, contact Larry Buchhorn at (512)788-6534. Even if you don't want to participate in the parade, you can still come cheer on your fellow car club members as they drive by!

## Annual FVCC Christmas Party

If you signed up for the FVCC Christmas Party scheduled for Sunday, December 8, remember that a cash bar cocktail hour will begin at 5:00 p.m., and dinner will start at 6:00 p.m. After dinner, you can dance the evening away from 7:00 p.m. to 9:00 p.m. to the music of Lonnie Lett. This year the party will be held at Riverhill Country Club, 100 Riverhill Club Lane in Kerrville. Dress is smart casual or holiday attire.

A three-night tour to visit the Painted Churches of Texas is being planned, leaving on Wednesday, April 9, and returning on Saturday, April 12. These churches, featuring elegant exteriors and colorful murals and symbols on the interior, were built by 19th-century immigrants who wanted to preserve their culture and values. Participants will stay in Schulenburg. Sign-ups begin in January.

Newsletter of the Sequim Valley Car Club

**SPECIAL ANNOUNCEMENT FROM YOUR NEW NEWSLETTER EDITOR:**

## ***Seasons Greetings everyone!***

*I'm Sherry Poitra, wife of Dale and proud co-owner of a sweet, red '57 Chevy 210. This is my first car club newsletter and, let me tell you, it's been quite a challenge! I had issues with my computer so ended up using a newer one that I'm not used to, and I've been having problems with my eyesight, so please bear with me.*

*A little background: I was born in Spokane and raised as a Navy "brat." I graduated from high school in Japan after attending 13 schools from first through 12<sup>th</sup> grades, starting in Florida and ending in Japan. I was not finished with Navy life and married a Navy man. I retired from working as a Civilian with the Navy at Subbase Bangor as an executive assistant to the Commanding Officer. I worked there for six years until I retired in 2016 to take care of my late husband who passed away in 2019. Before that, I worked at other commands at PSNS Bremerton, NAS Whidbey Island, Thurso, Scotland, Naples, Italy, and Adak, AK. I had other jobs as well, but my total time in Federal Service was 34 years. Dale and I met in 2021, married in 2022, and moved to Sequim in August of last year. We absolutely love it here! I enjoy doing crafts (still looking for all of my crafting gear since moving here...) photography, cooking, novice gardening, and playing with our three dogs. I'm looking forward to meeting and getting to know all of you. Please feel free to submit car club related information, news articles and photos to me at [sherrac94@outlook.com](mailto:sherrac94@outlook.com) or text me at (360) 919-6455.*

**The Detroit Auto Show Returns in January 2025**

50th Anniversary Detroit Auto Show program, 1965 (Robert Tate Collection)

The popular Detroit Auto-Show at Huntington Place returns to the month of January for 2025 to highlight the Motor City and introduce the latest and best the industry has to offer to the public. After dealing with the pandemic and experimenting with moving the event to September, this was a great idea to bring the show back to the month of January.

This story features a series of great images from past Detroit Auto Shows at Cobo Hall. For many years, the show featured some of the best automotive designers and engineers in the world with displays of their innovative products, making the Detroit Auto Show one of the world's best. Every winter in Detroit, tens of thousands of auto enthusiasts, automotive journalists and spectators descended on Cobo, which became known as the TCF Center in 2019 and later Huntington Place (the current name) in 2021.
